

Crimson Rims

"Lives of racers all remind us,
We can make our time as fast,
And departing, leave behind us
Records that can always last."

The Syracuse Red Racer has always been a leader. It is a sure winner. We have some of these in 1899 models on the road. When they come you must see them. This is one of the very finest bicycles made.

The demand for '99 models is so heavy that although our order has been on file over two months the sample wheels have not yet arrived. There is but one Crimson Rim.

TEMPE.

A. Betraminelli, Dr. Scroggs and William Sellers went to Phoenix yesterday.

Captain James H. McClintock returned to Phoenix on the train yesterday afternoon after calling on his friends in Tempe and visiting the normal from the board of which he resigned to go to the war.

Ex-Assemblyman Riggs, from Willcox, paid Tempe a visit yesterday. H. L. Chandler of Mesa was in Tempe yesterday arranging further particulars about electric lights.

John Van Tuyl has cut the tall cottonwoods from in front of his home on Seventh street. J. M. Brooks brought a load of porkers to town yesterday and sold them to Theodore Nicholas.

B. May is putting a glass front in his store on Canal street in East Tempe. Mr. Matley's brick house fronting on Eighth street is completed. The Priest ditch in front of the house will be covered over.

The country roads for bicycling are in splendid shape. The two-mile stretch out Mill avenue on a moonlight night is nothing other than a lovers' highway, providing the Crimson Rim affords the play.

MESA.

T. E. Pomeroy and A. J. Chandler were passengers to Phoenix on the train yesterday afternoon.

A girl was born Monday morning to Mr. and Mrs. J. C. Blair. Mrs. Blair is a niece of H. M. Lewis.

William Sitewman came down from Goldfield yesterday. Mr. Sitewman reports that there is considerable ore being taken from the Tom Thumb mine, an extension of the Mammoth.

A. L. Post took a load of brooms to Phoenix Monday. Messrs. Tribolet and Hurley were in Mesa yesterday and purchased 300 sheep of Grover and Nelson. The sheep are to be delivered February 1.

W. A. Kimball went to Goldfield yesterday morning with a load of supplies. Joe Bush and James Wiley intend to start today for Skagway. The gold hunters will go by way of the White Pass.

L. F. Kiggins is digging himself a well. There is a man in Mesa who has been figuring and brought out some startling facts. The facts will startle others of his kind also. This gentleman is 45 years old and estimates that ten years of that time has been spent in rolling cigarettes. The total number of cigarettes that he has smoked he figures to be 1,500,000. A man does not labor all the time for himself, selfish though he is.

There will be an old-timers' party at the Co-op hall this night of this month. None under 30 years of age will be invited.

City Marshal Phil Daily found a man yesterday who was troubled with a tired feeling and trying to alleviate it by lying down in the street. The marshal knew of a better place and there he took the object of his compassion. He turned the key so the sufferer would be sure to rest.

Charles Wing prides himself on the fact that his patrons can send their children to his store and feel as safe of being treated fair as though they went themselves.

pine islands, brought details of the murder of the Spanish officers which occurred at Balabac. The Lauban brought sixty-five women and children here. They had been robbed of everything but otherwise had not been ill-treated. The Sulus assisted the Balabacs in killing the Spanish officers. The Spaniards left Palawan, where the natives were fearful of the Sulus. The stores had been looted, business was at a standstill and the natives were armed and ready for mischief.

A dispatch from Madrid on Jan. 3 said that General Riera, the Spanish commander in the Philippines, had been in Manila confirming the report that all the Spaniards at Balabac had been massacred with the exception of the women whose release was being asked for.

The Madrid correspondent of the Daily Mail of London, telegraphed from Madrid late on Jan. 3, that the rebellion at Balabac, Naval Lieut. Bellamy was beheaded and that the rebels also murdered a doctor and several other Europeans. A gunboat was also said to have fired on the rebels. His commander was unable to effect the release of the women.
